TEACHING EVALUATIONS FALL SEMESTER 2022

Attached is the report for your Fall 2022 course. The report reflects the policy and procedures published in the Faculty Handbook, Section II-8, pages 13-15.

Presentation of Data

This report provides the average values of all individual questions, including any items supplied by the instructor (items 1.14-1.18). The top of page one shows a legend to help you interpret your data. There is no single overall summary of the individual items.

The second part of this report contains a histogram which faculty requested to help visualize results. The third section contains a profile of responses for the course. And finally, the report reproduces the written comments provided by students.

Maintenance of Data

Student feedback for Fall courses is uploaded to eDocs and maintained in a faculty member's personnel file in the Provost's Office.

Use of Data

While we are pleased to present these reports on how your students perceived your course, you will want to remember that the Faculty Handbook language says ..."evaluation of faculty members' overall teaching effectiveness should always be considered in relation to at least one other form of teaching evaluation including teaching portfolios, peer evaluations, and other devices." For help in developing additional methods to evaluate your teaching, contact the Center for the Advancement of Teaching and Learning.

Sincerely,

The Office of the Provost and Academic Affairs

Kelly Furnas

Comments Report

3. PART 3: INSTRUCTIONS: Your constructive feedback on the following items is appreciated. If your instructor added an item for 3.3, please respond to that item also.

3.1) Comment on aspects of the instructor's teaching style that helped the learning process.

- He is extremely clear and available to answer questions and provide assistance. He expertly conveys information that could be made confusing and has made something that I never thought I'd do doable.
- He lets us go along with everything we do in class which is very helpful and records class so that you can go back and look which is very helpful when trying to do projects.
- I really enjoy how he is prepared everyday, gives us enough time to do quizzes, gives us recordings, just incase we need to go back or miss a day, and is a kind person all around.
- Lecture speed was very good, and was helpful and went above and beyond in answering every question.
- Prof. Furnas really focuses on his students in the classroom. He is well organised, and ready to stop and help at any moment. One of the most involved professors I’ve had at Elon!!
- The way he teaches and walks us through everything makes me feel confident in coding and has been crucial to my success in this class. He lays out his class time so there is time if people get stuck during the class period. He has been so helpful and anytime I have gotten stuck her has found the problem and helped me through it.
- This professor was very intelligent. He helped me the most, when ever I have a question or was confused, he would most likely know the answer. He also recorded all the class lectures, so I could rewatch.
- This was a class that I was very nervous about before starting as it is something that I have never learned anything about. Professor Furnas made the class manageable by having clear and consistent deadlines and was always available outside of class time.
- very helpful and engaging with teaching course material. Made it easy to follow and understand.

3.2) Comment on aspects of the instructor's teaching style that could be improved upon to help the learning process.

- I really enjoy his teaching method and don't think anything needs to be improved
- Nothing! I enjoyed this class (for a coding class) and I think he is a great person and instructor.
- Possibly a short quiz review before the quizzes are due
- n/a (3 Counts)

3.3) (Item provided by the instructor)
